

BEIJING CAPITAL AIRLINES INFORMS:

## EPIDEMIC HEALTH INFORMATION FOR CHINESE PASSENGERS BEFORE RETURNING TO CHINA

According to the announcement issued by the Civil Aviation Administration of China and the General Administration of Customs of China **on April 7, all Chinese passengers travelling to China must complete the Epidemic Prevention Health Information Form before returning home by flight.** Chinese passengers travelling from **26 countries** need to report the epidemic prevention health Information: Italy, United States, Spain, Germany, Iran, France, South Korea, Switzerland, United Kingdom, Netherlands, Austria, Belgium, Norway, Portugal, Sweden, Australia, Brazil, Turkey, Malaysia, Denmark, Canada, Israel, Czech Republic, Ireland, Philippines, Thailand. Specific requirements are as follows:

1. From April 8, 2020, passengers who have purchased tickets need to go through the WeChat mini program of the International Version of the Epidemic Health (防疫健康码国际版微信小程序) in advance and fill in all personal information, health status, and recent travel information for the last 14 days before boarding.
2. The transition period is from April 8 to April 22, 2020. Chinese passengers taking a flight during the transition period should report on consecutive days starting from April 8. Chinese passengers take a flight after the transition period should fill in the report every day for 14 days before the flight date.
3. If passengers fail to fill in the above requirements, they will not be able to board the flight. Passengers filling in false information will cause the itinerary to be blocked and must bear corresponding legal responsibilities.
