

BEIJING CAPITAL AIRLINES | IGG NEGATIVE TEST OR VACCINATION CERTIFICATE ALSO REQUIRED FOR PASSENGERS FROM LISBON TO XI'AN

Dear Agent,

FROM TODAY 19MAY21, IN ADDITION TO IgM and PCR NEGATIVE CERTIFICATES, AN IGG NEGATIVE CERTIFICATE OR A VACCINATION CERTIFICATE IS ALSO REQUIRED FOR PASSENGERS ON BEIJING CAPITAL AIRLINES FLIGHT FROM LISBON to XI'AN

Because of the epidemic situation and in order to ensure the health and safety of international travel, all passengers who take the direct flight from LISBON to XI'AN must hold in addition to the IgM and PCR negative certificate:

- a vaccination certificate or
 - an IGG negative certificate
- before they can take the flight.

Specific requirements are as follows:

1. Passengers departing from Portugal to China must provide in addition to the IgM and PCR negative tests, an IGG negative certificate or a vaccination certificate issued by a Portuguese testing agency;
2. Passengers transferring in Portugal from a third country on the way to China need to provide in addition to the IgM and PCR negative tests, an IGG negative certificate issued by the country of departure and also another certificate by the Portuguese testing agency, or a vaccination certificate.
3. Passengers departing from a third country and going to China via the Lisbon Airport transit area must provide in addition to the IgM and PCR negative tests, an IGG negative certificate or vaccination certificate issued by the testing agency of the country of origin.

The sampling time for the above detection should be within 48 hours before the departure of the country of departure or the departure of the Lisbon-Xi'an flight.

Other flight requirements, such as PCR, IGM negative certificates, green health code with "HS" or "HDC" logo, health status statement, etc. are still implemented in accordance with the requirements of the Chinese Embassy in the country of origin and the Chinese Embassy in Portugal.

This policy takes effect today 19 May 2021
