

Announcement on filling out the epidemic prevention health information for Chinese passengers before returning home by flight

Dear passengers:

Please fill in the epidemic prevention health information in advance of travelling. This is to avoid any disruption to travel and follows the "Announcement on Filling in the Health Information for Epidemic Prevention before Chinese Passengers Return to China by China Southern" jointly issued by the Civil Aviation Administration of China and the General Administration of Customs of the People's Republic of China Passengers.

Specific requirements are as follows:

1. From April 8, 2020, passengers who have purchased tickets need to use the WeChat Mini Program of the International Version of the Epidemic Prevention Health Code in advance to fill in personal information, health status, and recent travel information on a daily basis. Special circumstances can be reported by others.
2. The transition period is from April 8 to April 22, 2020. Chinese passengers taking a flight during the transition period should report on consecutive days starting from April 8. If you take a flight after the transition period, you should fill in the report day by day from the 14th day before boarding.
3. If you fail to fill in the above requirements, you will not be able to board the plane. Passengers filling in false information will cause the itinerary to be blocked and must bear corresponding legal responsibilities.

China Southern Airlines Co., Ltd.
