

## EMIRATES PORTUGAL | REQUISITOS NECESSÁRIOS PARA VIAGENS PARA VÁRIOS DESTINOS

Junto enviamos informação disponibilizada pela Emirates com os requisitos necessários para viagens para vários destinos.

Consulte por favor link abaixo

<https://www.emirates.com/pt/english/help/covid-19/travel-requirements-by-destination/?#81336>

### Angola

Para além do teste PCR negativo e do preenchimento do “Travel Registration Form”, o passageiro, no momento do check-in, tem a **obrigatoriedade de apresentar os documentos enviados pelo governo angolano, os quais incluem o código de autorização de entrada no país, sendo insuficiente apresentar apenas o registo.**

“There are restrictions for specific categories of passengers travelling to Angola. Please check the latest requirements before you travel. If you are travelling to Angola, you are required to take a COVID-19 RT-PCR test and complete a [Travel Registration Form](#), which are both required to be carried out in the 72 hours prior to departure.”

Além disso, neste momento, todo o passageiro com passaporte português para sair do país tem de fundamentar o motivo da sua viagem essencial, no caso profissional, ter uma carta timbrada da empresa atestando o motivo da deslocação profissional – este controle é feito e autorizado pela PSP, sendo a companhia alheia ao mesmo.

## EMIRATES PORTUGAL | REQUIREMENT FOR TRAVEL BY DESTINATION

Please find attached information provided by Emirates with the necessary requirements for travel to various destinations.

Please see link below

<https://www.emirates.com/pt/english/help/covid-19/travel-requirements-by-destination/?#81336>

### **Angola**

In addition to the negative PCR test and the completion of the "Travel Registration Form", the passenger, at check-in, is required to present the documents sent by the Angolan government, which include the authorization code to enter the country.

"There are restrictions for specific categories of passengers travelling to Angola. Please check the latest requirements before you travel. If you are travelling to Angola, you are required to take a COVID 19 RT PCR test and complete a Travel Registration Form, which are both required to be carried out in the 72 hours prior to departure."

In addition, at this moment, all passengers with Portuguese passports, in order to leave the country, must substantiate the reason for their essential trip, in the case of business travel, have a letter from the company attesting the reason for the professional trip - this control is done and authorized by the PSP, and the company is not involved.
