

QATAR AIRWAYS | PCR TEST FOR SELECTED DESTINATIONS

Dear Valued Partner,

From the 29th April 2021, all passengers (including infants and children) arriving or transiting in Qatar who have been in or transited through India, Nepal, Bangladesh, Pakistan, Sri Lanka and the Philippines need to present a negative COVID-19 PCR test taken within 48 hours prior to their scheduled departure time from these countries.

All passengers must take the test at a medical centre approved to conduct a PCR test for COVID-19 by the respective health authorities at the country of origin.

Travelers transiting Qatar with onward international flights to another country should confirm to the entry requirements of any other intermediate transit point and their final destination.

For further information, please visit our [Travel and Entry Requirements](#) pages.
